REPORT

for Year ending December 31st, 1942

In order to save paper, the Board of Management have again reduced the size of the Report.

All the details omitted are available at the Hospital for the information of any Governor.

THE HOSPITAL'S WORK IN WAR-TIME.

1942 was a year of gradual recovery from air raid damage, a continuation of the constant fight against disease and disability, and a year of planning for the future.

By January 1st, 446 beds—the maximum number authorised by the Ministry of Health—were available for patients ; 246 beds for civilian sick and 196 beds for Service cases.

With assistance from friends at home and abroad the Hospital provided every possible facility for the civilian and Service sick and disabled, also the war injured, including, of course, air raid casualties.

The Hospital was represented at meetings of the South-Western Hospitals Regional Council, which, as stated in last year's report, was set up to ensure that the best use is made of existing hospital and auxiliary services in the region and that the facilities are adequate and efficient. The Board have given much thought to the impending national development of hospital and health services and look forward to a post-war system which will embody the best features of voluntary, public health and other services.

The review of the year's work makes it clear that the co-operation referred to above has already started and here are some examples of it.

An offer made by Mount Gold Hospital to receive and treat certain types of fracture cases, thus relieving the pressure on beds required for major surgical cases in this Hospital, was accepted and the Board are grateful to the City Authorities for this practical help.

Agreement was reached with the Cornwall County Council for the treatment in Hospital of Public Assistance cases.

An arrangement was made whereby members of the A.T.S. can attend Clinics at the Hospital (conducted by an Army doctor) and, if necessary, be referred to the Hospital's consultants.

At the request of the Plymouth and South-West Hospitals Contributory Scheme it was agreed that in return for a fixed payment per case contributors and their dependants would be freed from any charge made by the Devonian Association for Cripples

Aid for X-ray examinations carried out by the Hospital on behalf of the Association.

The W.V.S. Volunteer Car Service gave permission for the use of their cars for hospital purposes when other transport is not available.

The Board hope that such friendly agreements as those just instanced will increase in number and scope, so that all hospital services may become co-ordinated gradually and completely but without sudden disturbing changes in hospital policy.

DEVONPORT SECTION.

This important Unit of the Hospital has continued to minister to the needs of those living or employed in the West End of the City. The work goes on ceaselessly and the community of Devonport and the surrounding districts are justly proud of their Hospital.

LOCKYER STREET SECTION.

In 1941 permission was given by the Ministry to rebuild this Unit in part and in June 1942 it was formally re-opened and quickly filled to capacity. It accommodates thirty In-Patients and has been working at full pressure ever since.

Permission was not granted to rebuild the Out-Patient Department so, unfortunately, casualties have to be taken to the other Sections of the Hospital. Perhaps this permission will soon be obtained.

It will be remembered that the City's A.R.P. First-Aid Post in Princess Square was destroyed during the big air raids in 1941. The Ministry of Health approved the carrying out of such repairs to the Out-Patient Department of this Hospital as will enable the premises to be used as a First-Aid Post for walking wounded during air raids.

RADIUM.

With the object of putting into full or partial use the National Radium efforts were made by representatives of the Ministry of Health, the National Radium Commission, Medical Officers of Health and the Board to establish an Emergency Radiotherapeutic Centre outside the target area of Plymouth. Their efforts were unsuccessful but the Board are doing everything possible to promote the use of radium under such conditions of safety as are prescribed by the Ministry of Home Security.

NURSES' SALARIES.

The Board were pleased to effect the well-merited increase in nurses' salaries. Approximately one-half of the extra cost will be repaid to the Hospital by the Government through the British Hospitals Association, thus recognising the value to the community of the teaching and training which the Voluntary Hospitals have carried on for so many years.

PATIENTS.

The following is a summary of the cases treated :—

		1942.	1941.
Total number of In-Patients	5,640	4,668
Total number of new Out-Patients	13,011	11,331
Total number of Out-Patient attendances	99,211	86,831
Number of Operations—In-Patients	3,659	2,597
Number of Operations—Out-Patients	844	744
Average number of beds occupied daily throughout the year	241.5	156.8
Average length of stay of each patient (in days)		15.7	12.0

FINANCE.

The total Ordinary Expenditure amounted to £78,460 against £71,106 in 1941 while the total Ordinary Income for the year was £82,491 compared with £70,980.

There were no outstanding items of expenditure during the year and the increase in expenses was due to the larger number of patients maintained and the continued rise in commodity prices.

The amount received from the Ministry of Health (subject to final adjustment) under the Emergency Hospital Scheme was £20,161 as compared with £26,671 in 1941.

The satisfactory position shewn by the Income and Expenditure Account is due almost entirely to increases in voluntary gifts which reached a record total. This is mainly accounted for by the magnificent response to the Broadcast Appeal made by Mr. Donald McCullough and the big increase in revenue from special efforts and collections.

The Extraordinary Income consisted of legacies amounting to £3,420 which were placed to the credit of the General Fund Capital Account.

In addition to the overdraft on current account of £15,638 the Hospital carries an overdraft of £46,956 on the Buildings Fund Account in respect of extensions completed before the war.

BROADCAST APPEAL.

Through the courtesy of the B.B.C. a broadcast appeal was made on Sunday, 1st November, by Mr. Donald McCullough, known to millions as the "Question Master of the B.B.C. Brains Trust".

He paid a special visit to the Hospital, shewed a keen interest in everything he saw and gained a first-hand knowledge of the work done.

As a result of the broadcast and the distribution of thousands of Appeal Leaflets written by Sir Arthur Quiller Couch and Mr. Eden Phillpotts the sum of £9,694 was received during the year.

VOLUNTARY GIFTS.

Income from annual subscriptions, donations, box collections,

church collections, Alexandra Rose Day, special efforts and entertainments shews a substantial increase.

Whilst reference here can only be made to certain special contributions the Board wish to extend sincere and hearty thanks to all donors, organisers of special efforts and their numerous friends and helpers.

The following is a list of some of the large donations :—

		£	s.	d.
Christmas Stocking Appeal	1,709	19 11
Alexandra Rose Day	1,398	18 0
Whist Drive Tournaments	1,319	9 6
Inter-Services Boxing Display	374	5 0
Easter Egg Appeal	248	1 0

CONTRIBUTORY SCHEME.

In spite of difficulties arising out of war conditions, the Plymouth and South-West Hospitals Contributory Scheme has again been able to increase its support.

The Board record their sincere thanks to the Scheme Committee, its Officers and Collectors who have made it possible for them to continue and extend the work of the Hospital.

The receipts amounted to £21,742 as compared with £18,967 in 1941.

BUNDLES FOR BRITAIN.

On Thursday the 25th June, Mr. H. M. Wolcott, American Consul in Plymouth, unveiled a plaque to commemorate the receipt of 6,700 dollars and gifts of equipment from Bundles for Britain Inc., New York City.

The opportunity was taken to express thanks to all concerned for their generous and bountiful aid. Appreciation of the help given by members of the Hospital's adopting Branch, "The Nassau County, Cedarhurst, Long Island", was embodied in the message of thanks.

The Deputy Lord Mayor (Alderman W. J. W. Modley, J.P.) and the Chairman said that the Hospital would always remember those gifts which came so spontaneously at a time of great and urgent need. They were received with thankfulness and heartfelt appreciation.

STAFF CHANGES.

The following members of the Honorary Medical and Surgical Staff are serving with H.M. Forces :—

Dr. C. R. Croft.	Dr. C. Hatcher.
Dr. S. H. Croot.	Dr. W. A. Lister.
Dr. T. D. Gillies.	Mr. C. F. Mayne.
Mr. R. Howarth.	Dr. T. T. P. Murphy.
Dr. T. A. Hunter.	

NURSING.

The Nursing Staff of the Hospital numbered 167 at the end of 1942. Of this number 125 were in training and during the year 21 candidates were successful in passing the State Final Examination.

Miss M. Sabiston was appointed Assistant Matron of the Devonport Section in November.

Staff Nurse Eddy of the Greenbank Road section was awarded a Halford Bequest Bursary of £50 towards the cost of specialised training.

Nurse Balkwill, also of the Greenbank Road staff, obtained second place in the All England Speech-making Competition promoted by the Royal College of Nursing.

Sister Brown and Nurse Wilson who were injured in the air raid of 13th January, 1941 have made good progress but are still receiving hospital treatment.

The Plymouth Inter-Hospitals Tennis Cup was won for the third year in succession by the Greenbank Road team who thus retain the Cup permanently.

Members of the Civil Nursing Reserve have again augmented the Hospital staff throughout the year.

OBITUARY.

The intimation of the death of Dr. W. Lang Hodge was received by the Board with profound regret. Dr. Lang Hodge was a member of the Honorary Staff for twenty-two years. The Board extend their sympathy to his widow and daughter. His only son was reported "missing" from a bombing raid over enemy territory last year.

By the death of Mr. S. J. Cox, the Hospital lost a staunch supporter, a sincere friend and an esteemed member of the Board.

The death of Dr. T. H. Ward is reported with keen regret. Dr. Ward was a member of the Greenbank Road House Committee for twenty-four years. He took a great interest in the work of the Hospital and rendered most valuable service.

The Lockyer Street House Committee greatly regret the death of one of their former colleagues, Mr. A. G. H. Thatcher, and desire to record their appreciation of the service he rendered to the Hospital over a long period.

APPOINTMENTS.

As a wartime measure Dr. P. Wilmot was appointed Temporary Honorary Physician in the place of the late Dr. W. Lang Hodge.

Dr. Eric Wordley was appointed Medical Superintendent to the Greenbank Road Hospital.

HOSPITAL CHAPLAIN.

The Reverend Julian Smith, Chaplain to the Greenbank Road Hospital, tendered his resignation which was accepted with regret. The Board wish to record their gratitude to him for his services to

the Hospital for many years. It was owing to advancing age that he was obliged to sever his long connection with the Hospital.

The Reverend R. J. W. Morris was invited to accept the vacant office of Chaplain and the Board are very happy to report his acceptance.

BRITISH HOSPITALS ASSOCIATION.

The work of the British Hospitals Association, which represents the Voluntary Hospitals of Great Britain, was greatly appreciated by the Board. It has helped the Hospital in many ways. It has revitalised the Area Committees, produced closer communication between the areas and the Council and negotiated with Government Departments on such matters as salaries of nursing staffs, rationing schemes and deferment of staff. The Hospital is represented on the new Devon County Committee and the Plymouth Sub-Area Committee.

BOARD OF MANAGEMENT AND HOUSE COMMITTEES.

On his return to the district in October Dr. R. H. Wagner was unanimously re-elected a member of the Board and its Standing Committees and the Board are grateful to him for consenting to serve.

Alderman Menhinick of Landrake who has done so much to help raise funds for the Hospital, was invited to fill a vacancy on the Board and the members are happy to report his acceptance.

During the year the Board added to its membership one representative from the County Councils of Devon (Mr. H. D. Gill) and Cornwall (Mr. W. S. Rashleigh). In welcoming them the Board were confident that the knowledge and experience they would bring would be valuable and already this has been shewn to be true. Their membership forms a link between the County Health Services and the Hospital.

The Board have to record with regret the resignations of:—

Sir J. Clifford Tozer, J.P.

Shpt. Lieut.-Commander R. C. Ward, c.c., R.N. (Rtd.) and record their appreciation of their work for the Hospital.

The Devonport House Committee have to record the resignations of Mrs. E. H. Dannatt and Paymaster Rear-Admiral A. C. Roe who had served the Devonport Section for many years.

Mrs. A. C. Roe and Mr. J. B. Beer were elected to the Devonport House Committee.

LIFE GOVERNORS.

In recognition of their long and valuable service rendered to the Hospital, Mrs. Hickenbotham of 9 Edith Avenue, St. Budeaux, Miss L. G. Cholmondeley of Glendaragh, Torridge, Plympton and Mr. J. A. Chapman of Pennycross Sports Club, Plymouth were elected Life Governors of the Hospital.

THANKS.

To the thousands of friends upon whom the Hospital depends for its support, work and reputation the Board express gratitude and thanks for their services and assistance.

The great help and loyal service of the following are gratefully acknowledged :—

The Honorary Medical and Surgical Staff for their valuable services rendered during the year ; the Nursing Staff for their cheerful devotion to duty ; the members of the other Staffs for a continuation of the service they render to the patients and for bearing so readily the additional duties imposed upon them by the war. The Chaplains and all Clergymen and Ministers of Religion for their ministrations to the patients and staff ; the Committees and Staffs of the Crownhill and Pearn Convalescent Homes for their valuable help ; the Ladies of the three Linen Leagues ; the Honorary Librarians ; Officers and members of the National Council of Social Service ; the Cripples Aid Association ; the St. John Ambulance Association ; the British Red Cross and Order of St. John War Organisation ; the City Police ; and the local Press for their co-operation and assistance during the year ; the Plymouth Voluntary Blood Transfusion Service ; the W.V.S. ; the local Fire and other Civil Defence Services ; stretcher bearers ; and many other volunteers and organisations.

SOCIAL SECURITY.

Not only will there always be an England, but from the ruins of this war-swept country will arise a better England. Such a national determination is manifest and has taken definite form in post-war plans for public health, housing, hospitals and education.

Unco-ordinated and unrelated services will be absorbed in a comprehensive service linking hospitals, general and specialist, with the local health centres. Change is in the air and the Hospital is preparing so that it will be ready to meet its responsibilities in a world in which no impediment, financial or otherwise, will stand between the individual and the medical services he needs.

For one hundred and three years the Prince of Wales's Hospital has carried on its work and, whatever may be the future of the Hospital system, such service as is evidenced in this Report will remain its outstanding characteristic.

COLIN D. LINDSAY, *Chairman.*

ARTHUR R. CASH, *General Superintendent.*

Note.—There is a Contingent Liability to refund a Legacy of £1,000 pending the decision in a case now before the House of Lords, and for an undetermined amount of costs in the proceedings.

We have audited the foregoing Income and Expenditure Accounts for the year ended 31st December, 1942, and the above Balance Sheet as at that date, and certify that in our opinion such Balance Sheet sets out a true and correct view of the state of affairs of the Hospital according to the best of our information and the explanations given to us, and as shown by the Books of the Hospital.

We further certify that to the best of our knowledge and belief the Regulations of the Revised Uniform System as modified by the instructions of King Edward's Hospital Funds relating to the treatment of Free Legacies dated December, 1940, have been followed.

No provision has been made for damage suffered through causes attributable to the War.

APPEAL on behalf of PRINCE OF WALES'S HOSPITAL, PLYMOUTH

Broadcast on Sunday, November 1st, 1942

BY
DONALD McCULLOUGH

(Question Master, B.B.C. Brains Trust)

I'VE just been to see what's left of Plymouth, and I'm still feeling shocked. They've had a grim time down there. In the West Country men, women and children are being hurt and killed every day.

But don't make any mistake. They're not complaining. The situation's well in hand. I could tell you a hundred stories about the people of this brave city, because Plymouth is to-day a casualty clearing station for the Atlantic. But to-night I've only time to tell you one—the story of the Prince of Wales's Hospital. This is the name of the three combined voluntary hospitals of Plymouth. For a hundred years this Hospital has looked after West Country families from sea coast and moorlands, men from the dockyards, barracks and ships—and the wives and children who have to work and wait at home.

Since air raids began the Hospital has had thousands of extra civilian casualties to look after. The buildings have been bombed—and put together again. The Staff have been bombed and gunned and burnt, but they never budged. Nurses have had to put fires out with sticks and mattresses after the water supply failed. Time and again the black-out curtains have been blasted away—not pleasant in a Hospital. But the doors are still open—and they're still giving a cheerful welcome to West Country people as well as to men of all the United Nations who come from the ends of the earth.

Two men arrived the day I was there—Jack Stones and Fred Dixon. They'd been flown to England by the Royal Air Force. Flown from Malta. Fred Dixon has lost an eye and a leg. Jack Stones has lost a leg and his right arm. I'd the honour of shaking hands with these two men—one with my right hand and one with my left. As I spoke to them I realised that for these men the traditions, principles and declarations of our country may well be judged by the kindness of a voice, the touch of skilled hands and the softness of a pillow—in Plymouth.

Then there's the children. Every week new boys—and girls—arrive on the scene. Very often their fathers are far away making arrangements for their future. So they ask the Prince of Wales's Hospital to make this world look as pleasant as possible to the new arrivals—and that's a big responsibility in these days.

I know if you'd been with me you'd feel as I did. You'd say there was nothing of yours these people couldn't have for the asking. Well, I'm not asking you to travel to Plymouth to-night—but I am asking you to send me something for them at the Prince of Wales's Hospital.

The Hospital has never closed down, but it has suffered severely, and is desperately in need of money. The good people of Cornwall and Devon are supporting their Hospital more generously than ever. But this work of mercy isn't a job for Plymouth alone. We can't let the people of the West Country stand up to Hitler single-handed. This is work we must all carry on. Most of you can send postal orders or stamps. Some of you can send big cheques. They're very grateful for eggs. Let's show the Matron that we appreciate the way she and her Staff are keeping the Union Jack flying—flying so proudly. They're doing their part. They'll keep on to the end of the road. So it's up to us. Please send all that you can to Donald McCullough, Prince of Wales's Hospital, Plymouth. I'll say that again—Donald McCullough, Prince of Wales's Hospital, Plymouth. If you send it to the Prince of Wales's Hospital, Plymouth, I shan't mind a bit—Good-night.
